

All the music you want.
Just 10 bucks a month.

A Rhapsody subscription lets you listen to anything and everything in a catalog of over 11 million songs. There's no need to pay per track, no CDs to rip, and no files to manage. You just sign in and start listening.

Whatever style of music you're into, you'll find it in the Rhapsody catalog. From old favorites to the newest releases, chart toppers to indie bands, classic rock to classical – Rhapsody has it.

A subscription lets you listen from almost anywhere. Sign in on any computer, with mobile apps for smartphones, or directly through home audio systems. You can even download music directly to your device with the Rhapsody App for iPhone®, iPod touch® or Android™, or with a variety of MP3 players.

Rhapsody Plans

Rhapsody Premier (\$9.99/month)

Rhapsody Premier lets you stream music from your computer, through home audio systems or with mobile apps.* It also gives you unlimited downloading on one compatible smartphone or MP3 player, as long as you remain a member.

Rhapsody Premier Plus (\$14.99/month)

Rhapsody Premier Plus gives you all the great features of Rhapsody Premier and gives you unlimited downloading on as many as three smartphones or MP3 players, as long as you remain a member.*

Rhapsody MP3 Store

There are certain songs you really want to own – and that's where the MP3 store comes in. Preview full-length tracks and purchase them at rhapsody.com/MP3.

* Streaming music is limited to only one mobile device, home audio system or computer at any given time. Downloaded music can be listened to on one device with Rhapsody Premier and up to three devices with Rhapsody Premier Plus.

Rhapsody Electronics

Home Audio

Now you can connect to over 11 million songs directly from your living room. Rhapsody works with home audio systems from Sonos®, Logitech®, Philips®, Denon® and Yamaha®, and even with VIZIO® XVT televisions and TiVo®.

Mobile Apps

Rhapsody now has mobile apps for iPhone®, iPod touch®, Android™ and BlackBerry®. Listen from almost anywhere, and download music directly to your iPhone®, iPod touch® or Android™ so you can listen even without an active

MP3 Players

Rhapsody works with a variety of MP3 players, including the most popular models by Sansa® and Philips®. With Rhapsody Software and a subscription, you can download all the music you want to your MP3 player – and go!
