

Smart Home Sound

All your music at your fingertips

- Access millions of songs and thousands of artists through popular streaming services such as Spotify, Deezer HiFi, Amazon Music, Pandora, TIDAL, Rhapsody, TuneIn, and iTunes
- Stream straight from your mobile device to your house audio, and even allow your guests to stream their own music collection
- Manage the volume, start or stop music, and even control your lights with a single tap
- With a simple “Good Night” scene, turn off the lights, lock the doors, and shut off the house audio with a single user interaction
